

G2 ProProducts[®] ACCUCUTTER

Improve Your Pressroom Productivity

Precision Cut Every Time

The G2[®] AccuCutter allows you to make exact length blade cutting easy, quick, and fast. It is designed to be a long-life and operator-safe solution to cutting doctor blades to exact length.

Standard Features

- Hardened shear assures a 90° square clean cut while producing a factory edge finish every time.
- SWED/CUT[®] dispensing box fits securely on box tray.
- Easy-to-use measuring tape displays both inches and metric measurements for exact measuring.
- Specially designed for the following blade sizes:
Width: 0.40 to 4.00" (10-100mm)
Thickness: Up to 0.040" (1.00mm)
- Standard Dimensions: 47" Base Unit (box, guide, cutter, 24" table) - Additional Table Extensions: 24" increments
- Available Cutter Dimensions include: 24"(609.60mm), 48"(1219.20mm), 72"(1828.80mm), 96"(2438.40mm), 120"(3048.00mm), 144"(3657.60mm)
